(4)

F.S.

Submitted behind folio (3) ~~on~~ Tulkarm Municipal Estimates, 1947/48 originally submitted under folio (1). The D.C. has cleared up the preliminary points which I raised.

2. Grant-in-aid (LP 500) is about 15% estimated revenue from property rate (LP 2700). The financial picture is

Surplus	31.3.47	11,511
---------	---------	--------

Estimated Revenue 1947/8	Ordinary	27361	
	Extraordinary	9000	36,361
			59,153
			47,872

Estimated expen. 1947/8	Ordinary	21033	
	Extraordinary	18100	39,133
Estimated surplus	31.3.48		8,739.

Ordinary revenue thus substantially exceeds recurrent expenditure. Arrears of revenue 31.3.46 were slight (vide Audit report) and actual revenue 1946/47 shown to be up to Estimate.

3. It is appreciated that Education departmental contributions in Head VII (LP 6500) on which items 8 and 12 in Works Extraordinary depend, cannot be presumed, and approval of these items will have to be reserved until the extent of the funds is made known.

4. Otherwise the revenue estimates call for no comment. The Expenditure estimates follow the 1946/7 pattern with the following developments:

Head I 8. Regarding of staff according to Govt. scales, LP 500. No details are given, but the necessary scrutiny will doubtless be exercised by the D.C.

Head III 2 and 4. New appointments.

Head IV. Nett increase of LP 610 as explained in the remarks column, is because in 1946/7 town guards were only employed for 6 months

Head VI. Increase of LR 2000 is covered by an expected contribution of LR 2000 from Govt. which D.S.W. tells me is certain.

5. You will approve the estimates as they now stand. Draft letter submitted on face.

YZ.
20.5.47.

Bans
20/5/47

Manu you: Approves.

But wouldn't you include in your reservation the £2000 from S.W. under the vi of Revenue? In fact you could say "subject to ^{ultimate approval of} each item of Revenue as are dependent upon the S/S's appraisal of the Govt. S's".

10 MAY 1947

Chief Secretary

JERUSALEM

14th May, 1947

2

With reference to your letter no.F/IG/20/15/47 of the 7th May, 1947, on the subject of the draft 1947/8 estimates of the Municipal Corporation of Tulkarm, I now return the draft estimates, duly amended, with the following comments:

REVENUE Head I. item 11.

It is anticipated that by-laws will be approved shortly and the full amount will be collected.

Head VI. (Miscellaneous)

All contributions have now been classified under head VII.

Head VII. item 1.

This item should read 'contribution for school'.

EXPENDITURE Head VIII. item 4.

I am satisfied as to the necessity for this increase.

2. It is appreciated that the extent of the contributions from Government funds are dependant upon approval of the Government estimates.

Amman Amman

Ag. District Commissioner,
Samaria District.

Copy to:- A.D.C. Tulkarm, with copy of letter under reply, and amended summary, abstract and revenue sheets 2 & 3, in duplicate.

F/13/20/15/47.

7 May, 1947.

District Commissioner,
Samarra District.

I am directed to refer to your letter
No. 80 of the 24th April, 1947, and to make the
following observations.

Revenue. Head I. item 11. It is presumed
that the proposed By-Laws will be
gazetted in time to raise the anti-
cipated revenue within the financial
year.

Head VI. Items 2 and 7. These (£P. 2,200
+ £P. 500 respectively) are in the nature
of special revenue, being contributions
by Government Departments and would appear
to be more correctly included in Head VII.
If there is no reason to the contrary
I am to request that the Estimates, which
are returned herewith, may be amended
in this sense.

Head VII. Item 1. 'Contribution' should
presumably read 'Construction'.

Expenditure. Head VIII. Item 4. It is presumed
that you are satisfied of the necessity
for this large increase.

2. It will be appreciated that until the Govern-
ment Estimates 1947-8 are approved no assurance can
be given that the exact sum recommended in Head VI,
2 & 7, and Head VII, 1, will be available.

(B.St.G. Thwaites)

For CHIEF SECRETARY.

Mr. Thwaites
MMM 7.5.47.

GOVERNMENT OF PALESTINE.

IN REPLY PL QUOTE
No. 80

DISTRICT COMMISSIONER'S OFFICE.
SAMARIA DISTRICT.
NABLUS.

24th April, 1947

Chief Secretary

FLG/20/15/47

I have the honour to submit for approval the draft 1947/8 estimates of the Municipal Corporation of Tulkarm together with a copy of an explanatory letter received from the Chairman of the Commission.

2. The budgetary position may be summarized as follows:-

Surplus on 1.4.47	LP. 11,511
estimated revenue 1947/8	<u>36,361</u>
	47,872
estimated expenditure 1947/8	<u>39,133</u>
estimated balance 31.3.48	LP. 8,739

3. I have the following comments to offer:

A. REVENUE

(i) head I, item 2: business tax.

New by-laws increasing rates, and extending the application of the business tax, were published in supplement 2 to gazette 1521 of 12.9.46.

(ii) head I, item 11: drainage rate

By-laws imposing a drainage rate are in course of preparation.

(iii) head II, item 2 : animal sale fees

These fees are farmed out. Receipts last year were abnormally high owing to spirited bidding by opposing political factions who sought to have control of the animal market prior to the municipal elections.

(iv) head V, items 1 and 2 : water rates and fees

Increased consumption as a result of the installation of a new motor and pump during 1946/7.

(v) head VI, item 2: Government contribution to feeding scheme

Welfare work is being considerably extended in agreement with the Director of Social Welfare.

(vi) head VI, item 7 : educational cont. for playground

This sum will be contributed by the Education Department.

B. EXPENDITURE

In general the expenditure estimates include several new appointments which are necessary in order to keep pace with increased services and new constructions.

- (vii) head I, item 8 : regrading.

The Commission is desirous of bringing salaries into line with the more recently adopted Government scales but has submitted no details.

- (viii) head VI, item 1: feeding poor children

Vide remarks under (v) above.

- (ix) head XII, item 6: new motor and pump

Intended for the purchase of a new chlorinator.

- (x) head XII, item 12 : construction of school.

It is intended to construct a complete new secondary school for boys.
The land has already been acquired.

4. The corporation is well placed to meet the expended services for which provision has been made, and I recommend that the estimates as submitted be approved subject to the reservation of expenditure under head I, item 8 (regrading), pending the submission of further details.

Lawrence Jones

Ag. District Commissioner,
Samaris District.

Assistant District Commissioner
Tulkarm.

Subject:- Tulkarm Municipal Estimates 1947/48.
Ref'nce:-Yours No. T/24 dated 3.1.47

I have the honour to forward the Tulkarm Municipal Estimates for the year 1947/48 as approved by the Municipal Council.

The estimates were prepared in accordance with the forms attached to your letter in as much as they could have been applied to the Heads and sub-heads used by the Municipality.

The Estimates include three abstracts as follows:-

1. Revenue abstract. 2. Expenditure abstract 3. Summary showing estimated surplus or deficit.

Hereunder are comments which elucidate the Estimates and the alterations effected therein.

A. REVENUE. The estimated revenue amounted to LP. 36361 against LP. 30825 current year estimates which actually amounted to LP. 31044. We have explained in remarks section of the Estimates the causes of these changes whether regarding of increase or decrease as it was deemed necessary and fit.

An estimate was entered regarding a grant-in-aid by the Education Department for constructing a new school which would cost LP. 10,000 out of which the Municipality will pay LP. 4,000 from its general revenue.

B. EXPENDITURE.

The Estimated expenditure amounted to LP. 39133 against LP. 29532 estimated for the current year which actually amounted to LP. 26583.

1. General Administration. Due to the fact that it has not been decided as yet to regrade the Municipal Officers scale on the basis regrading applied on Government Officers; we stuck to the old yearly increments, although we have reserved a provision of LP. 500 which would be spent on the employees when the new regrading scheme would effect them.

The Municipal Cashier is performing a dual job i.e, cashier and clerk of the Local Education Committee and his salary was paid to him under two separate items. His salary now is to be paid altogether under one Head.

A new provision of LP. 72 was opened for appointing an additional tax collector on account of the increase of taxes in general and the introduction of new taxes such as Business tax and the Drainage tax.

2. Health Services. Owing to the expansion of the Tulkarm Municipal area the Health Inspector could not carry all the work required from him with efficiency; therefore and upon the request of the Health Department a new job for an assistant was created the salary of which would be LP. 72.

It was also found necessary to appoint a new employee to inspect Trades and Industries, but the Medical Officer is of the opinion that one of the old Municipal employees who has enough experience should fill this vacancy, and that a provision of LP. 72 was included for a new employee who would be appointed as Health Inspector, while the new post will be kept for an old officer at a salary of LP. 106.

3. Public Security. The Municipality has appointed six guards at a salary of LP. 12 per mensem for each and it is expected to appoint another one, therefore the provision was put LP. 1000.

4. Education. LP. 6000 were included in the Revenue as grant-in-aid from the Education Department for constructing the new school and if paid the Municipality will allocate LP. 4000 from its general revenue for this purpose.

5. Engineering. Engineering works are ever increasing and it has been found necessary to open a new provision for LP. 72 to appoint a clerk who would take charge of the clerical section of the Engineer and the Building Inspector.

6. Water Supply.

A provision for an assistant mechanic was included. A daily paid worker was carrying this job; and as the work increased we found it necessary to appoint an assistant paid monthly at a salary of LF.96

7. Public Works Extraordinary.

The provision in Head 2 for pavement of the Public square in Tulkarm and the provisions for other sub-heads are for continuing previous schemes, an explanation of which is put in the remarks section of the Estimates.

C. Final Position.

It is seen from the summary of surplus attached to the Estimates that though the total estimated expenditure is more than the total estimated revenue, the surplus at the end of the year is estimated at LP.8739.

Chairman
Municipal Commission
Tulkarm

Assistent D. 96.

Spoken to Mr. Kabul, Sept 2
Education; who informs me that
no regards contributions by the
Dept of Education; towards
schools and playgrounds
the Dept of Education; makes
an approximate estimates of
the grants; but they do not
promise that the amount will
be paid until the Estimate
for 1947/48 is approved.

2. Since the Estimate
for 1947/48 were very small
received and the approval of the
Estimate was not received yet;
the Dept has not yet been received
the Est. of 1947/48 cannot
commit themselves to any
amount like 1947/48.

3. When the Est. 1947/48
Estimate is approved, the
Education Committee will
consider these contributions
according to the proposed amount
approved by the S. P.
